

JBF Local Ambassador Volunteer Program

The JBF Local Ambassador volunteer program is an opportunity for individual leaders seeking to become involved and actively engaged with JBF Worldwide!

The JBF Local Ambassador will support, participate and give back through their own community engagement and fundraising initiatives generated from their own ideas.

- ❖ A JBF Local Ambassador will construct their own operation in effort to raise funds for one of many JBF programs. Ambassadors are encouraged to involve their family, friends, community, websites and social media outlets, clubs, departments, teams, sororities, fraternities and organizations.
- ❖ Local Ambassadors will in turn be able to contribute their funds raised toward any JBF Worldwide program they wish:

- ✚ Sports for Development Global Initiatives
- ✚ Orphan Care Centers
- ✚ Medical Clinics
- ✚ Microfinance Program

- Economic Development
- Agriculture Education

- ✚ Student Scholarships (\$150 will send 1 child to school for 1 whole year and include their school supplies, uniform, and cost of schooling)
- ✚ JBF 1 World

- ❖ One JBF Local Ambassador will be chosen based off their efforts to accompany JBF Worldwide on the next mission trip to Africa, on behalf of Founder and Executive Director Jack Brewer!
- ❖ Through the JBF Local Ambassadors Program, JBF Worldwide seeks to provide the opportunity as requested by numerous supporters and followers to get involved and actively engaged with the great impact JBF is empowering to help change the lives of thousands of people. Help us achieve our goal to end extreme poverty by 2015!
- ❖ JBF Worldwide strives to “Empower From Within” through self-sustaining initiatives, offering educational opportunities and economic development in partnership with underprivileged people around the world.
